Weight:	0,66 kg

Order number: 222500002

Open text field 1:

- Easy to install with mounting on the underside of the WIK 100 housing (WLAN IP camera)
- The architecture of the camera means that all cables are routed internally through the stub mast to the installation box
- Made of high quality aluminium
- The installation box is screwed on directly below the base and acts like an extended stub mast plate
- IP66: Weatherproof and impact resistant
