

Order number: 212500001

Open text field 1:

- RJ45 plug-in connector for field assembly, Cat.6A
- Connector contacts made of phosphorus-bronze alloy, 3 µm gold plated
- Colour code / assignment options: EIA/TIA 568A, EIA/TIA 568B
- Screening made of metal with zinc alloy
- Service life > 750 plugging cycles

Hersteller: Kathrein

EML 12

Product information "EML 12"

RJ45 plug-in connector for field assembly, classification Cat.6A (in accordance with ISO/IEC 11801), TIA568-C.2, screened (metal with zinc alloy), contacts made of phosphorous-bronze alloy, 3 µm gold plated, stranded or rigid wire, dimensions: AWG22-27, for 6-9 mm cable sheathing

Type:	EML 12
Classification in accordance with ISO/IEC 11801:	Cat.6A
Suitable for cable:	LCL 110, LCH 120
Suitable for cable diameter:	6-9 (AWG22-27) mm
Service life:	> 750 Steckzyklen
Permissible ambient temperature:	-10 to +60 °C
Packaging unit/weight:	1 (50, 500)/0.022 pc/kg
